One Life, One Decision

Most students pick & select their stream based on Guesswork. It could be influenced by parental advice, peers, social status of others, market trend, school performance, fascinations, self judgement, fears or insecurities.

Most of us don't follow science. One ineffective decision leads to failure.

Let science assist you. Simplify your decision making with StreamPik.

StreamPik follows a scientific approach

StreamPik is a standardized online assessment tool to pick & select stream based on your strengths, natural ability & cognitive abilities

How StreamPik Works

Online Test & Assessment

A 60 minute online assessment that gathers important information based on your responses to the set of questions

Analyses Learning Nature

StreamPik expert algorithm finds out & analyses your complete learning nature, strength areas, skillset & cognitive data points

Picks Best Stream For You

Based on your natural & cognitive abilities it recommends the most suitable career stream for you

To fulfill your dreams you need a career not just any profession.
Pick up a stream that matches your strengths, skills & inclination.

Future would be amazing!
